

Assembly Bill No. 1538

CHAPTER 118

An act to add Section 7029.6 to the Business and Professions Code, relating to contractors.

[Approved by Governor July 23, 2003. Filed with
Secretary of State July 24, 2003.]

LEGISLATIVE COUNSEL'S DIGEST

AB 1538, Berg. Construction contractors.

Existing law, the Contractors' State License Law, creates the Contractors' State License Board within the Department of Consumer Affairs and provides for the licensure and regulation of contractors. Existing law requires a plumbing contractor, electrical sign contractor, and well-drilling contractor to display his or her name, business address, and contractor's license number on each side of each motor vehicle used in his or her business.

This bill would require a contractor, except those specified above, to display his or her contractor's license number and business name in or on each commercially registered motor vehicle used in his or her construction business.

The people of the State of California do enact as follows:

SECTION 1. Section 7029.6 is added to the Business and Professions Code, to read:

7029.6. Except for contractors identified in Section 7029.5, every contractor licensed under this chapter shall have displayed, in or on each motor vehicle used in his or her construction business, for which a commercial vehicle registration fee has been paid pursuant to Article 3 (commencing with Section 9400) of Chapter 6 of Division 3 of the Vehicle Code, his or her business name and contractors' license number in a clearly visible location in print type of at least 72-point font or three-quarters of an inch in height and width.
